TOUR DESCRIPTIONS

DAYTON CITY TOUR

Thursday, October 11

The birthplace of aviation, Dayton was once home to powered flight inventors, Orville and Wilbur Wright. Your guide will narrate the significance of the many interesting sites along this tour, including Oregon District, the city's oldest suburb; the Civil War Monument; the Flyover, an award-winning sculpture of flight; the Korean War State Memorial; and Memorial Hall, where veterans are remembered. Learn the history of the Miami Valley from the first settlers in 1796 to the influence of such entrepreneurs as Patterson, Deeds, Kettering, and Frazee. These notables and others made immense contributions to aviation, the arts, sports, government, and industry. There will be a short stop at the Esther Price Candy Store, now a successful candy distributor, which opened 50 years ago in Mrs. Price's basement. Enjoy lunch on your own at Dayton's upscale shopping and restaurant district, The Greene – featuring Cheesecake Factory, Chipotle, Panera, Subway, and many other dining choices.

NATIONAL MUSEUM OF THE US AIR FORCE

Friday, October 12

The United States Air Force Museum at Wright-Patterson Air Force Base is the oldest and largest military aviation museum in the world. The Museum tells the exciting story of aviation development from the days of the Wright brothers at Kitty Hawk to the Space Age. More than ten galleries showcase various exhibits including over 300 aircraft and missiles, plus historically interesting aeronautical displays. Exhibits are known to change and move, but lots of planes are on display, such as the P-51, P-47, P-38, B-24, and B-26. The newly refurbished B-17 Memphis Bell, one of the most recognizable symbols of WWII will be on permanent display at the museum. In addition, the Presidential Gallery is located here featuring a collection of presidential aircraft, some of which you can walk through. The museum also features an IMAX theater and flight simulators (admission on your own). Have lunch at your leisure in one of the cafes on the mezzanine or second floor. The buses will shuttle back to the hotel at 12noon, 1pm, and 2:15pm.

CARILLON HISTORICAL PARK / PACKARD MUSEUM

Saturday, October 13

Carillon Historical Park celebrates the history of invention, transportation, and pioneer life in Dayton and the Miami Valley. It is home to a variety of collections, which document the area's history. While touring the Park, you may visit Newcom Tavern, Dayton's oldest standing building; view the Wright Flyer III; and board a 1903 Barney & Smith Parlor car. Antique automobiles, a working 1930's Print Shop, and vintage bicycles are some of the other exhibits you will see along the way. Continue the tour and step back in time at America's Packard Museum, where the Packard Motor Car Company comes to life again. Located in the original Packard Dealership Building, which was built in 1917, the museum has officially taken the name of the original dealership - The Citizens Motorcar Company - but has become known as "America's Packard Museum." View the world's largest collection of "Packard only" automobiles in the actual showroom. This unique museum showcases "the world's finest motor car" from its beginnings in 1899 to its demise in 1956. Note: This tour may be limited to the first 100 people, or different schedules may be followed. A lunch break is not included on this tour, so consider pre-purchasing the box lunch to eat before departure.
